Price List

The price for one page includes:

- translation (normal): 1 page = 1800 marks (with space marks)
- translation with accreditation (sworn): 1 page = 1125 marks (with space marks)

We would like to inform you that the price list rates are not always valid, since they are only to indicate the prices in our agency. Therefore, we request you to always send us the document/text to be translated so that the price for its translation can be estimated. It is because the fixed, basic rates for a standard page do not reflect the actual cost of a translation. The translations we make are usually cheaper, and its actual cost lower, even by more than 10 percent or tens of percent in comparison to the price per one standard page. This is a result of the use of CAT tools at the estimation stage.
